

EGoS Technical Seminar

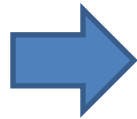

12th March 2011, Thessaloniki

Italian International Surveying Courses

by Fausto Savoldi
CNGGL President

International
course for
professional
young
surveyors:

1° Rome

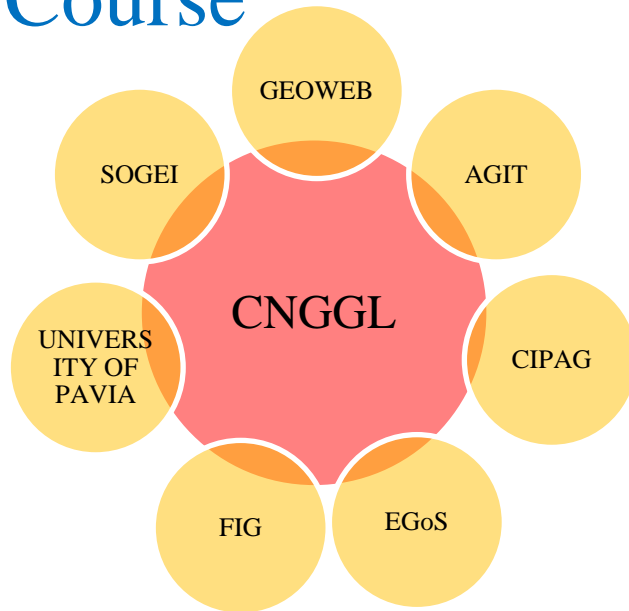

- from 11th to 30th September 2006

2° Rome

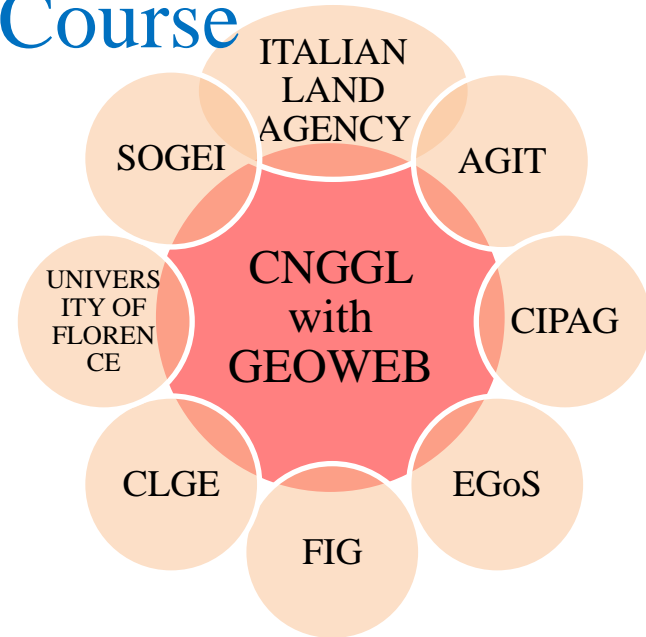

- from 20 September to 8 October 2010

with the cooperation of:

1° Course

2° Course

the courses held in English were addressed to young Italian professional surveyors and surveyors coming from abroad

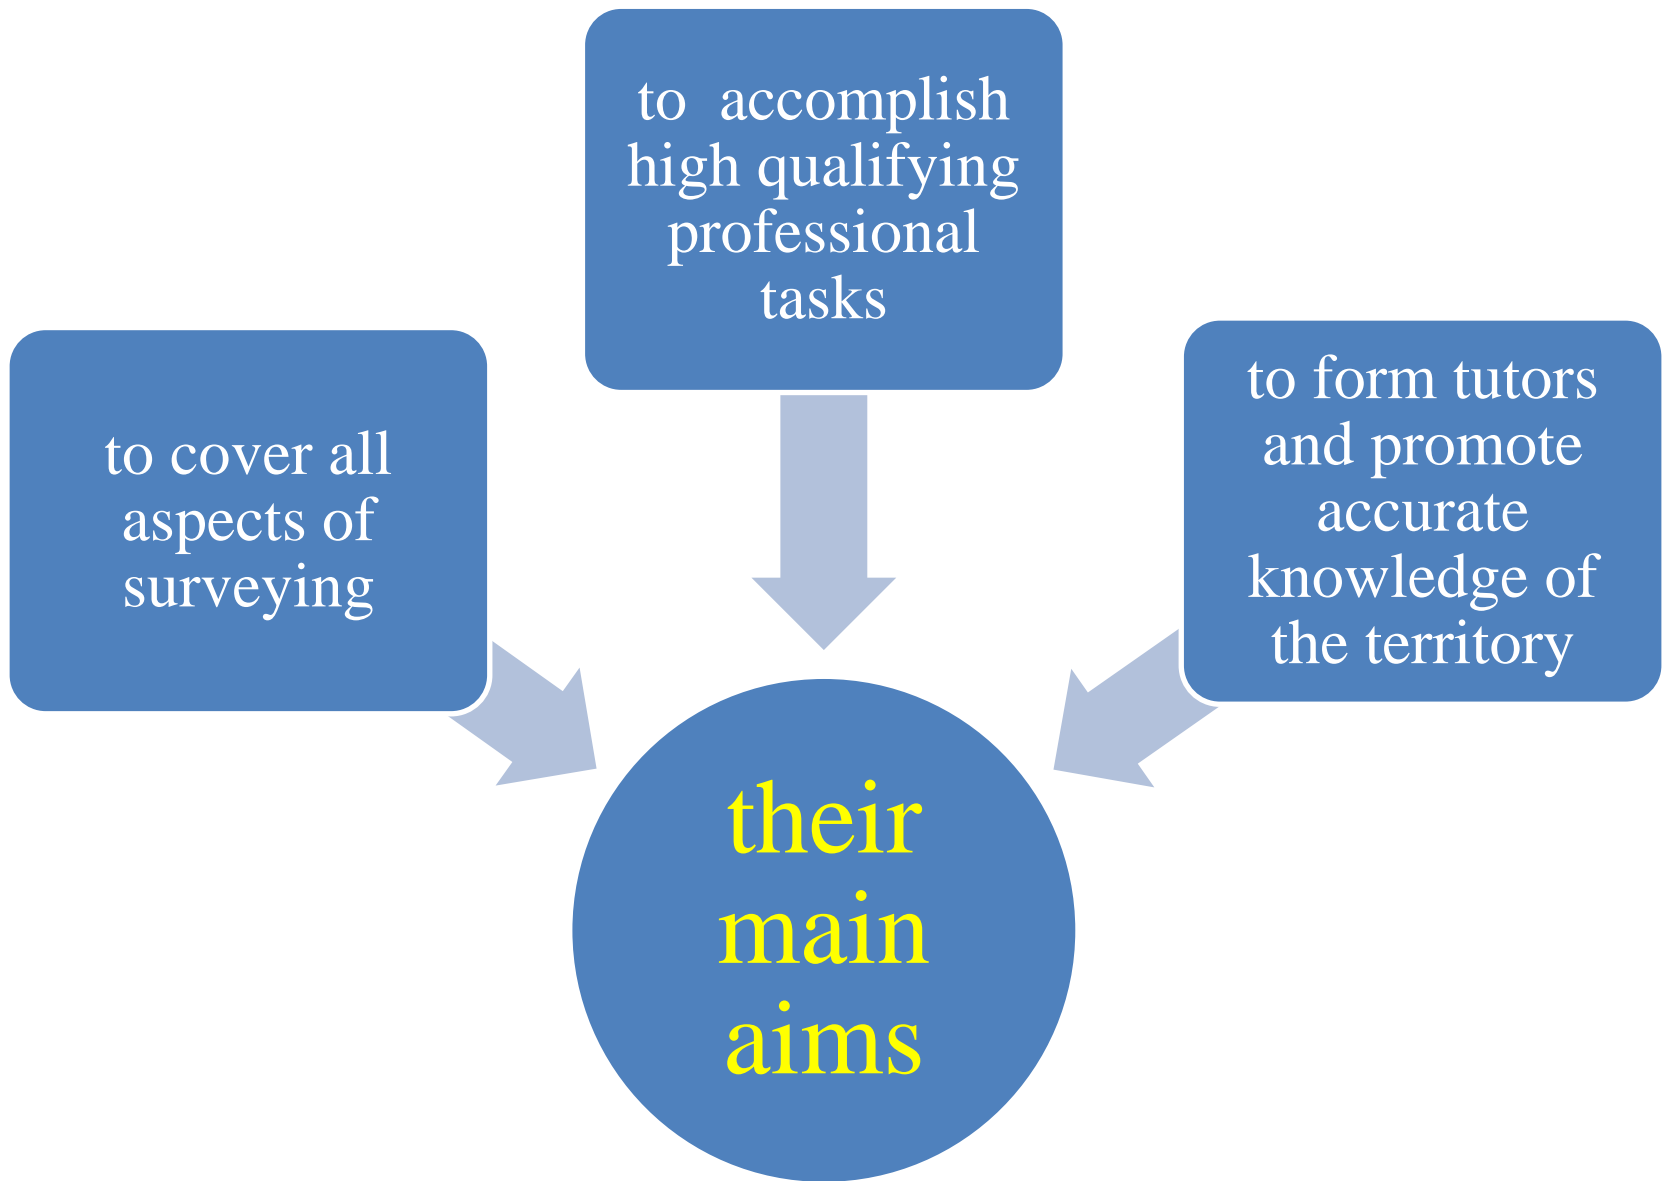

to create effective opportunities for the achievement of surveying experiences

to promote mutual understanding and exchange info and experiences

to give the participants acquisition of modern technologies

to provide a general introduction to new methods of survey

**their
main
aims**

Calendar: 3 full weeks of lessons, practice sessions, tutorials and Sundays's breaks with guided tours to the major cultural monuments of Rome

several italian teachers
and teachers coming
from Turkey, Greece
and Israel

The opening of the 1st Professional Enhancement Course in Rome from left: Prof. **Casella**, Past CNG President **Piero Panunzi**, Ms. **Orietta Felici**, Head of the Istituto Leon Battista Alberti, Dr. **Andreas Drees** Vice President of FIG and Mr. **Kurt Rieder**, President of EGoS

1° Course - September 2006

Number of Participants:

23 representing most regions of Italy and several European and Mediterranean Countries (Greece, Turkey, Germany, Israel, Malta and Jordan) and several Italian teachers and teachers coming from Turkey and Greece

Opening Ceremony of the 2° Course: on the right CNGGL President, **Fausto Savoldi**, President of EGoS, **Randolph Camilleri**, Vice President of FIG, **Cryssy Potsiou**, President of Sogei, **Sandro Trevisanato** and Past President of CNGGL, **Piero Panunzi**

2° Course

Number of Participants: 23 representing most regions of Italy and from several Mediterranean Countries (Greece, Turkey, Montenegro, Israel, and Malta)

The importance of both courses:

As the courses have focused on professional topics and on the use of technological instruments, they have represented a moment of continuing and permanent education for all the young participants.

- The above was proved by the fact that:
- all the attendees have given evidence of achieving all their objectives and expressed their appreciation for the initiative;
 - praised the timelines and accuracy of its organization and logistic aspects;
 - and praised the course content and the teaching method adopted that allowed them to expand their professional knowledge with colleagues of the Mediterranean Area.

To all participants were given the certificates
of participation

New and future International Courses ?

- 3rd one in Greece in september/october 2011
- 4th one in Morocco in autumn 2012

the 3^o course
will be held
in Greece in
cooperation with
greek institutions

EGOS

EUROPEAN GROUP OF
SURVEYORS

Consiglio Nazionale
Geometri e Geometri Laureati

All expenses for participants, except the travel ones, will be in charge of CNGGL as happened with the first 2;

EGOS

EUROPEAN GROUP OF
SURVEYORS

Consiglio Nazionale
Geometri e Geometri Laureati

- it has to be decided the place
- and the date;
- the 3^o course will last 2 weeks instead of the 3 weeks of the previous ones;
- it will be used an e-learning audio/video support for the development of part of the course;
- technical and social activities have to be defined considering the host country;

- there will be among others greek teachers and topics including also the greek cadastre and cartography;
- the official launch will be done in Marrakech in May 2011;
- it will be organized under the patronage of UMG.

What is CNGGL doing internationally in the meantime?

- CNGGL has become a founder member of the UMG - Union of the Mediterranean Surveyors established in June 2010 in Marseille (France);
- CNGGL starts organizing the FIG Working Week 2012 in Rome (6-11 may 2012);
- CNGGL will host, maybe, the first official meeting of Young Surveyors in 2012 organized together with FIG.

Thanks so much for your Attention!
